EXPLAINS ROAD LAW

SEC. M'KIBBEN AT SECOND GOOD ROADS MEETING

TRAFFIC ROUTES FIRST

Federal Money Will Be First Expended On Roads for Transportation Purposes—Predicts Bond Issue

Secretary A. C. McKibben, of the state highway board in a talk on good roads at the court house last night, declared that Nodaway county would vote bonds for hard surfaced roads within three years. From the increased interest being taken all over the county in better roads it is the opinion of many that the time limit set by Mr. McKibben is too long, and that less than three years will see a bond issue voted by the people for county-wide good roads.

A good sized crowd was present last night to hear the road law explained by the state highway board secretary and to see the moving pictures of convicts at work on state and county roads together with pictures of actual road construction. The pictures were interesting and showed several new phases of road construction.

Secretary McKibben talked at some length, explaining that hard surfaced roads would eventually be the only kind of roads that would be considered and that the government had laid special stress on the fact that federal money would be fist expended on roads that would serve as traffic routes and military roads.

Mr. McKibben said that a bond issue by a county was not a debt on the county until the bonds were sold and the money in hand to spend for actual construction and that the twenty year bonds were the easiest and simplest method of providing better roads for an entire county. With a county wide bond issue, he explained that all roads in the county, whether they were main roads or by-roads, might be improved and that it meant an equitable distribution of funds that would benefit the man on little used roads as well as those who lived on or near the main thoroughfares.

Mr. McKibben again called attention to the disadvantage of township organization in securing road results, but pointed out that township organization was no bar to a county-wide bond issue, which might be voted at any time.

Judge Blackford, of the county court presided at the meeting and more than usual interest was manifest by those present.

It was learned today that a meeting was held at Chillicothe in Livingstone county last night when a movement was started looking towards doing away with township government in that county in order to start a campaign for a bond issue.

GOES TO ST. LOUIS MEETING

Pres. Richardson to Normal Junior Red Cross Conference

Pres. Ira Richardson of the Normal left last night for St. Louis, where he will attend a meeting of the Advisory Committee of the Junior Red Cross, of the Southwestern division. This committee is composed of five members, representing the five states, which are, Missouri, Kansas, Arkansas, Oklahoma and Texas. Mr. Richardson is the member from Missouri.

C. K. Huey of Hopkins was a Maryville visitor today.

BENTON WON FROM M. H. S. 30-44

Both Teams Played In Fine Form In Game at St. Joseph Last Night —Goals Lost On Fouls

The score of 44 to 30 with Benton Highs on the big end in the game with Maryville High School at St. Joseph last night, hardly tells the story of the game, for M. H. S. made a fine showing and played the game for all it was worth. Hard luck in getting goals just as the foul whistle sounded also played a part in the defeat.

The game started with M. H. S. in the lead and at the end of the first half the score was 19 to 10 in Benton's favor. M. H. S. came strong in the second half and played the Bentons to a standstill and it was anybody's game, almost from the start.

The Maryville team played in good form and both fives showed splendid team work throughout the game. The play was clean and fast. Robison and Kirby did good work on the guard lines, while Puckett at forward played a steady game; Yehle and Egley, centers, also did good work.

At Bethany last night the Bethany team beat Pattonsburg 47 to 26, the game being refereed by Walter Hanson, director of athletices at the Normal. The M. H. S. team will play their next game with Pattonsburg.

TAX AGENTS THROUGH HERE

Most Taxpayers Are Surprised When They Find That the Amount Required Is So Small

E. R. Sheetz of Trenton and S. H. Smith of Kansas City, special agents of the internal revenue department who have been here this week aiding taxpayers in making out their income tax reports, wil have concluded their labors this evening and Monday will go to Burlington Junction. Other days of next week will find them at other towns in the county, a day in each place.

"We have our troubles, of course," said Mr. Sheetz this morning, "but it is just the tedious process of going over the same thing a hundred times or more each day that makes the work unpleasant, and we find every one willing to co-operate as soon as they know what is required. Nearly every person who comes to find out is surprised at the smallness of the amount required when it is figured out for them, and many have indicated that they would be willing to pay even more to help the government out."

A UNION SERVICE AT NIGHT

Churches Continue Joint Sunday Night Meetings Until March 15—Morning Services as Usual

The second of the Sunday night union services of the Maryville churches will be held tomorrow night at the Christian church. Rev. S. A. Coile will preach on "Life's Greatest Law." Special musical numbers will be "The Heavens Are Telling," from the "Creation," by Haydn, by the combined church choirs, and a mixed quartette, "I Will Lay Me Down In Peace."

Each of the churches will hold individual services in the morning, the usual church services and Sunday school. The night union service will continue until about March 15, when the government fuel order will likely be at an end.

Visiting Sister.

Mrs. D. F. Boyd of Wichita, Kansas, is the guest of her sister, Mrs. Frank Shoemaker, of Maryville.

'BUY A STAMP' WEEK

LADIES TO AID WAR STAMP COMMITTEE WITH TELEPHONE

WILL ASK YOUR PLEDGE

$75,000 Is the Goal Set by Those In Charge of Sale of War Savings Certificates and Thrift Stamps

It's the little things that count. The few dollars or cents of the individual does not seem much, but with millions of people all buying war savings certificates and thrift stamps next week, "Thrift Week," the government is going to be able to realize an immense sum to use for war purposes. Are you prepared to do your part?

The local committee in charge of the sale of stamps next week has secured the services of the ladies in the campaign and you may be called to answer a ring of your phone. The ladies are going to ask your pledge to purchase stamps. They are not going to collect the money, but will ask that you sign the card the postman will leave, telling the number of stamps you will buy.

Another thing. Don't tell the one who calls that you don't understand the plan. The postman will leave literature in your letter box that gives all needed information. The government needs your aid at this time of stress and Uncle Sam is looking to you to help.

The following ladies, captains of Red Cross auxiliaries, will act as telephone solicitors during "Thrift Week": Mrs. Ellis Cook, Mrs. J. H. Todd, Mrs. J. M. McDonald, Mrs. Vilas Martin, Mrs. Marve Curnutt, Mrs. Will Montgomery, Mrs. Marve Peery, Mrs. James Colby, Miss Ora Barmann, Miss Orril Helwig, Miss May Corwin. The ladies will work under the direction of Miss Jessie Parcher, captain of telephone solicitation.

The children of the Garfield school have been active this week and report the sale of thrift stamps in the sum of $30.

Why you should buy them. — The main reason for the purchase of War Savings Stamps is because your country is at war. Your country needs every penny which every man, woman and child can save and lend, in order to feed, clothe, arm and equip the soldiers and sailors of America and to win this righteous war in defense of American honor and the cause of democracy throughout the world.

If we are to win the war we must win it as a united people. The savings of every man, woman and child are necessary if we are to hasten the victorious ending of the war. War savers are Life Savers.

COMPLETE C. C. EVENT DETAILS

Out of Town Speakers Give Assurance That They Will Be Here

The social session for Commercial Club members next Tuesday night at the Elks Club, when fun and frolic—and the committee says that is a good name for it—will be features of the evening, promises to draw a big crowd, as tickets are selling rapidly. Details for the event are complete and both speakers, A. M. Hyde of Trenton and J. P. Somerville of Kansas City, will be here as out of town guests.

Jack Stundon of Rochester, Minn., arrived in Maryville Thursday to visit his sister, Mrs. Ralph Moyer.

HARD FIGHT IN ARSON CASE

Trial of Doss Huff Will Probably Come to An End Late This Afternoon—Hear Many Witnesses

The trial of Doss Huff of Elmo, charged with arson, is still occupying the attention of the court today and will probably be given to the jury late this afternoon. The trial has been one of the longest in the local courts in any case of a similar nature and is being stubbornly fought by both state and defense. Details, seemingly irrelevant to the casual spectator are brought into the hearing and evidence and the jury is frequently given in charge of the sheriff while attorneys argue a point of law before the court.

During the cross examination of a young woman witness this morning, L. C. Cook, who is assisting the prosecution, and W. C. Ellison, in charge of the defense, seemed about to get into an argument, when an interruption by the court prevented anything more than a few caustic remarks.

A large number of witnesses are being examined and the case is attracting a large amount of attention.

PASS DANGER MARK

STATE FUEL ORDER HAS PRODUCED RESULTS

IS MODIFIED TONIGHT

Theatres, Pool Rooms and Places of Amusement May Now Remain Open On Monday and Tuesday Nights

St. Louis, Jan. 26.—Candy and cigar stores throughout Missouri which have been compelled to close every night a 7 o'clock under the recent fuel order of State Fuel Administrator Crossley, will start tonight remaining open until 10 p. m.

The state fuel edict has produced results, coal cars are now moving freely in Missouri towns which had been threatened with fuel famine and the danger mark is passed, allowing a modification of the drastic order.

Under the modification just announced by Crossley, motion picture theatres, bowling alleys, pool rooms, dance halls and other places of amusement in Missouri which were closed day and night, Mondays and Tuesdays, may now remain open on these days until 10 p. m.

The new ruling means St. Louis and the whole state of Missouri has a 10 o'clock closing order every night as far as amusement places, drug stores and saloons are concerned. On Saturday night all types of shops and stores, including barber shops, may remain open until 10 o'clock. On other nights groceries, bakeries, retail shoe shops, butcher shops, barber shops and other specialty shops must close at 7.

Last week Missourians who depended on the usual barber shop Saturday night shave, shaved themselves or went "shaveless." Tonight it will be different, as all barber shops in the state will be allowed to remain open until 10 o'clock under the new ruling.

Sam and Art Craven, Joel Trullinger and C. E. Lawson of Harmony were in Maryville on business today.

Mr. and Mrs. Fred Dodd of Bedison were among the out of town people in Maryville today.

WILL PAY THE TAX

CONGRESSMEN DIDN'T EXEMPT THEMSELVES FROM PAYMENT

STATEMENT A N ERROR

In Addition to Income Tax, Members of Congress Are Subject to Excess Profits Tax

The statement that members of congress exempted themselves from payment of income taxes when the law was enacted is vigorously denied. Below we publish an extract from a letter written by Congressman Rucker of this state to the Chariton, Mo., Courier, which clears up a matter which has been an injustice to every congressman.

"Washington, Jan. 2, 1918.

"Editor Courier: — Newspapers recently published and certain individuals have circulated the erroneous statement that 'Congressmen exempted themselves from the payment of income taxes.' This idea probably had its origin in a misconception of the revenue bill passed October 3, 1917, which amended the revenue act of September, 1916, and also added a new source of revenue by levying a tax upon 'excess profits.' The comparison evidently comes from treating 'income' and 'excess profits' taxes as one and the same, when, in fact, they are different taxes. Under the 'income paragraph of the last revenue law all married men are allowed an exemption of $2,000 and unmarried men, $1,000, while under the 'excess profits' tax paragraph all persons, whether married or single, are allowed exemptions of $6,000. In either case taxes are computed and paid on the amount of above exemptions.

After the passage of the last revenue act a question arose as to the construction of the clause exempting certain classes from the provisions of the 'excess profits' section of the bill, but no intelligent person has or can suggest that members of congress are clearly liable under its 'income' tax provisions. The fact is, (and no one will dispute it), congress greatly increased the amount of 'income' tax to be paid by all subject to its payment, and intended to and, I think did, impose an 'excess profits' tax on every person who has an income of more than $6,000, including members of congress. Before the passage of the act of October 3, 1917, a member of congress paid on his salary an 'income' tax of only $70 per year, but under this law each member will pay annually on his salary $205 'income' tax and, in addition, will pay eight per cent on that part of his salary which is above $6,000, or $120 for 'excess profits' tax, making a total tax of $325 under the new law as against only $70 under the old law. It is from the payment of the item of $120 'excess profits' tax that we are accused by newspaper critics of exempting ourselves, but some men have confused this with 'income' taxes.

"For the purpose of making plain the intention of congress and removing every doubt, the committee on ways and means recently reported House joint resolution 195, to amend Section 209 (the 'excess profits' section of the last revenue law by adding a paragraph to read as follows:

"'The income of officers and employees under the United States, including members of congress, shall be taxable under this section.'

"The resolution quoted was considered and passed by a vote of 311 for and no vote against it on December 18, 1917."

COMES BACK FOR MORE HOGS

Tom Phillips of Texas, Successful In Organizing Pig Clubs, Returns to Buy More Poland Chinas

Tom Phillips of Texas, U. S. A., is back in Maryville to look up some more Poland-China hogs to take back to the Lone Star state. Mr. Phillips was here last summer and purchased several carloads of pure bred Poland-Chinas to take to Texas, where pig clubs were formed in many localities. The plan was so successful and Nodaway county hogs proved so popular that he came back to make other purchases. Mr. Phillips, with F. L. Garrett, secretary of the Standard Poland-China Record Association will spend a part of next week visiting breeders.

Tom McGary and son of Clyde were in Maryville on business today.

MORE SNOW IS THE FORECAST

Weather Department Issues Another Storm Warning—The Mercury Has Started Down

"Snow this afternoon and tonight, cold wave tonight. Sunday generally fair and colder, with severe cold, fresh northerly winds"

The above storm warning comes from the local weather bureau today and indications show the weather man is right on the job, the mercury having slowly started downward early this morning. News dispatches indicate that the storm is general over the middle-west.

'MERCI BEAUCOUP' FOR GIFTS

Charles E. Kane, "Somewhere In France, Acknowledges Receipt of Package from Maryville Ladies

The following letter in rhyme has been received by Mrs. C. V. Martin from Chas. E. Kane, who is now with the American forces "Somewhere in France."

S. S. U. 68, Ankle-deep in December,
In Sunny Old France, Where Thermometers Crack.

My Dear Mrs. Martin:

You'll maybe remember dispatching some parcels a month or so back. If the sergeants will leave me in peace for a minute—though rarely they give such an excellent chance—I'll pen you a note, "Many thanks," written in it, or "merci beaucoup," as we say here in France.

Need I mention the cause for my present thanksgiving? 'Twill help introduce me, perhaps, if I do. Well, the gifts that you sent me arrived and I am living much better in spirits just now, thanks to you. The earliest wave of the winter's offensive I've shattered through use of the sweater you sent, while the helmet of wool, so compact, yet extensive, will save me a bump when my steel one is bent. And all the preventives and cures you included for gnaws in the "tummy" and aches in the feet I take as occasion demands 'em, preluded by chocolate almost too sacred to eat.

So never you mind if my letter is tardy—"Thees war, he ees long" as the poilu would say— and often I find that laborious, hardy and time killing duties stand just in the way. It's drill, peel potatoes or excavate ditches, hunt wood, carry rock, clean your motor like sin, put a log in the fire and mend your own breeches, haul shells to the front or bring wounded men in. Life's just one blamed incident after another. We're pestered by worries the farther we roam; and though poilus may slip us the grip of a brother, it's nicest to hear from our Allies at home.

From our Allies at home! God bless your hearts, you are precious. You mean to us all that the homeland implies; your letters DO hearten us, gifts DO refresh us. Just knowing you're with us keeps fight in our eyes. Here we are, close to Christmas; for us no vacations. We can't take the train, like Maurice and Pierre; or slip o'er the channel, like Tommy's relations, to Blighty and all the fine sentiment there. As for us, who are exiles, with all of an ocean and half of a continent bidding us stay, if Santa's to equal the usual notion—make Christmas to mean more than merely a day—the problem is up to the postman, full-freighted by friends who are staunch despite many a mile. And let me say here, lest it go unrelated, you've all come across in an elegant style.

Forgive me, if somehow I speak in the plural; rely on the old editorial "we"; use language that's rather less urban than rural; give thanks for the bunch when I mean only me. Just the same, you will find that I'm merely confessing a feeling that's common to all, when I send to your unit for National Surgical Dressings the very best thanks that the season can lend.

Sincerely your friend,
CHARLES E. KANE.

Mrs. Will Conlin and Mrs. Charles Dempsey of Barnard came to Maryville yesterday to visit over Sunday with relatives.

Thomas Sherlock of Frankfort, Ks., is visiting in Maryville with relatives.

FIRE BUGS AT WORK

BIG GOVERNMENT PLANTS ARE SWEPT BY FLAMES

16 PERSONS ARRESTED

Million Dollar Fire at Newark Ship Yards Believed to Have Been Work of German Spies

Special to The Democrat-Forum.

Washington, Jan. 26.—A sweeping investigation is already in progress over the mysterious fires which today caused great damage to the big Westinghouse plant at Buffalo, at the government shipyards at Newark, N. J., and at the Cella Mills at Baltimore, all engaged in government work. Officials are admittedly concerned over today's series of fires, following, as they have, many others throughout the country whose origin is still a mystery. It is accepted that if the fires are incendiary efforts will be made to make an example of the men if caught.

Newark, N. J., Jan. 26.—Three men were arrested here this afternoon and thirteen others are detained for investigation of a million dollar fire that swept through the new government ship building yards at Newark. According to the police, blue print maps of a section of the yards and plans of submarine drawings were found on one of the prisoners. At noon officials of the submarine boat corporation announced that the fire was practically under control and that the offices of the plant have been saved.

Nearly two thousand yards of the government pier were destroyed and seven big supply barges were sunk. All indications show that the blaze was started by German spies.

Buffalo, Jan. 26.—The big plant of the Westinghouse company broke out in flames this morning from a mysterious source causing damage estimated at a quarter million dollars.

NO HOPE FOR EARLY PEACE

Official Washington Believes Hertling Speech Offers No Chance for Negotiations

London, Jan. 26.—That the Teuton peace speech of Count Von Hertling has killed all hope for an early peace was the view taken by British officials and the press today. The speech of Count Czernin, the Austrian minister, while less imperialistic in tone, was so savage on the most important issues that it is regarded as no greater help towards general peace.

Washington, Jan. 26.—Officials in Washington announce that probably an early peace feeler from Austria will come through a neutral source and will follow closely th eline suggested by Count Czernin, it is believed, but they are not inclined to believe that any real peace movement can have any result while the Grman attitude is continued as it is at present. So far as Germany herself is concerned officials see little possibility of any change.

Infant Child Dies.

The three weeks old infant child of Mr. and Mrs. Ernest McClain died yesterday in Omaha. The body was shipped to Parnell today for burial.

Miss Elizabeth Cook, who teaches school in St. Joseph, arrived in Maryville last night to visit over Sunday with her parents, Mr. and Mrs. Paul Cook.

Dr. Bertha Lininger returned yesterday from a business trip to Omaha.

THE WEATHER

Snow this afternoon and tonight; cold wave tonight. Sunday generally fair and colder wth severe cold. Fresh to strong northerly winds.

Forum-ettes

Well, now, honest, you can't blame the republicans for getting scared. The war machine is tumbling over all their financial toys and playthings and the big railroad doll has had its head and both legs knocked off and the sawdust is running out of its little tummy.

With the fuel administration's closing order in force we know a lot of men who'll have a fine chance to get acquainted with their families.

The Turks are in about the same fix as the minor base ball leagues—don't know whether to prepare for spring training or not.

You will remember that Herr Hohenzollern started out to whip the world. What do you suppose the missus is saying to him about this time?

Isn't it about time to have Former Russian Premier Kerensky appear or disappear, or start an insurrection, or get shot at, or something? We miss him from the news columns.

$15,000 TO BEAT BOURLAND

Chicago Packers Are Charged With Having Agreed to Spend Sum Are Under Shadow

Washington, Jan. 26.—The five Chicago packing companies are under the shadow of a federal investigation, having agreed, it is charged, to spend $15,000 in an effort to defeat Wm. P. Bourland, Missouri congressman. A resolution calling for an inquiry developed this afternoon before the Federal Trade Commission, when Francis Heney read excerpts from the confidential files of Swift & Company. Representatives of the packers this afternoon refused to make a settlement with union workers in connection with their demands for wage increases and an eight hour day.

Gloom In Badger State.

Milwaukee, Jan. 26.—There is much gloom among the thirsty ones in Wisconsin today. All saloons in the state will be closed Monday under the recent order of Fuel Administrator Garfield. In certain parts of Wisconsin, where liquor emporiums are closed on Sundays, absolute "misery" prevails. Many members of Saturday night "carnival clubs" must wait forty-eight hours to obtain "headache powders."

Register Alien Enemies.

Milwaukee, Jan. 26.—The registration of all male alien enemies over 14 years of age will start on February 4. It will continue throughout the week. More than 25,000 persons in this city alone are affected by the law requiring alien enemies to register. In cities of more than 5,000 population police officers are directing the registration. Postmasters will be in charge of the work in cities where fewer than 5,000 persons reside.

Miss Dona Peters of Lock Springs Mo., arrived in Maryville last nigh to attend the funeral of her cousin, Miss Ada Diss, who died Friday morning.

PERUNA Household Helper

Peruna eases the burden of the housekeeper by keeping away the danger of illness resulting from colds, coughs, and indigestion due to catarrhal condition. It speedily relieves and overcomes these.

Its tonic properties build up the strength of the physically weak and run down, and its use in convalescense, especially after grip, is remarkably beneficial.

KEEP IT ON HAND

The wise housekeeper has Peruna on hand for instant use even if catarrhal troubles do not call for its regular administration. A dose or two in time often prevents a long illness.

Liquid or tablet form.

Manalin Tablets are a splendid laxative for home use.

Ask the druggist

THE PERUNA COMPANY
Columbus, Ohio

TO REGISTER AT P. O.

ALL CITIZENS OF GERMANY NOT NATURALIZED ARE REQUIRED TO SIGN UP

SUGGESTIONS OFFERED

The Dates Are February 4, 5, 6, 7, 8 and 9—Necessary for Registrant to Furnish Photo

Notice of registration of alien enemies has been received and the registration place for Maryville and vicinity will be at the postoffice. The postoffices in the other towns of this county will have charge of the registration of their respective communities.

All natives, citizens, denizens or subjects of the German empire or of the Imperial German government, being males of the age of 14 years and upward, who are within the United States and not actually naturalized as American citizens are required to register as alien enemies.

An alien enemy required to register who fails to complete his registration within the time fixed therefor, or who violates or attempts to violate, or of whom there is reasonable ground to believe is about to violate any regulation duly promulgated by the President of the United States or these regulations, in addition to all other penalties prescribed by law, is liable to restraint, imprisonment and detention for the duration of the war, or to give security, or to remove and depart from the United States in the manner prescribed by Sections 4067, 4069 and 4070 of the United States Revised Statutes, and to all other penalties prescribed in the several proclamations of the President of the United States and in the regulations duly promulgated by or under the authority of the President.

An alien enemy required to register who shall, after the date fixed for the issuance to him of a registration card, be found within the limits of the United States, its territories or possessions, without having his registration card on his person, is liable to the aforesaid penalties.

Suggestions and Instructions.

Persons required to register should understand that in so doing they are giving proof of their peaceful dispositions and of their intention to conform with the laws of the United States.

Every registrant should read carefully the form of registration affidavit handed to him and ask the registration officer for all explanation on all points not clear to him before attempting to fill out the blanks. Registration officers are instructed to give registrants all possible aid in the way of explanation and advice.

Each registrant is required to furnish four unmounted photographs of himself, not larger than 3 x 3 inches in size, on thin paper, with light background. All four photographs should be signed by the registrant across the face of the photographs so as not to obscure the features, if the applicant is able to write.

Thre blank forms of registration affidavits must be completely filled out by the registrant or his representative (with the exception of the blanks indicated to be filled out by the registration officer and the description of the registrant and the placing of finger prints on the blank), and must be produced by the registrant personally to the registration officer, and be signed and sworn to by the registrant in the presence of and before the registration officer, who fills in the description of the registrant, and supervise the fixing of the finger prints and the attaching of the photographs. If the registrant cannot write he must make his mark in the signature space and affix his left thumb print in the space provided opposite the signature space.

The finger printing is a method of identification and follows the practice observed in the military and naval service of the United States.

The registrant is hereby notified that he must again present himself before the registration officer who took his oath after ten days, but before fifteen days from the last day fixed for registration in his registration district to obtain a registration card, upon which he must sign his name or mark his mark, and place his left thumb print in the presence of the registration officer.

Any alien enemy as above defined who is unavoidably absent from his place of residence during the registration period must present himself for registration in the district in which he is temporarily residing, and shall there register himself before the registration officer of such district. After registration there will be issued to him a provision registration card, which must be presented within thirty days in person to the registration officer of the district in which is located the registrant's habitual place of residence. Such provisional card become void after thirty days from the date thereof.

The days upon which the registration is to be held have been fixed as the 4th, 5th, 6th, 7th, 8th and 9th days, inclusive, of February, 1918, from 6 a. m., to 8 p. m., on each of said days. All subjects of the German empire or the Imperial German government must report for registration to the postmaster at the postoffice of the district in which they live and receive their mail, except those who live within the postoffice delivery limits of Brookfield, Carthage, Chillicothe, Columbia, Fulton, Independence, Jefferson City, Joplin, Kansas City, Lexington, Nevada, St. Joseph, Sedalia, Springfield, Trenton, and Webb City, who must report for registration to the Chief of Police or head of the police department of the cities named.

By order of the Honorable Attorney General of the United States.

BAYLIS STEELE.
Postmaster, Kansas City, Mo., Chief Registrar, Western Judicial District of Missouri.

WOMEN PROVE MERIT WHILE AT SHOP WORK

Sacramento, Calif., Jan. 26. — Women proved better war-time substitutes for men skilled in shop work than the average untrained male laborer, according to F. H. Potter, general storekeeper for the Southern Pacific company. Experiments with eight young women put at work sorting scrap iron, cleaning belts and familiarizing themselves with simple machinery have convinced Potter that should further raids be made upon his forces he will be able to keep going on an efficient basis by employing women.

LOCAL OPTION IN DECATUR MAKES SPLENDID RECORD

Decatur, Ill., Jan. 26.—Local option here for four years has increased the population from 25,000 to 45,000, lessened the criminal cases 90 per cent, increased building of factories and houses 30 per cent and added 2,700 savings depositors in banks, according to Judge T. C. Buxton. In addition, he declares there are 37 per cent less cases of public charity yearly.

OLD PAPERS FOR SALE—5c per bundle. Call at this office.

SCHOOL PUPILS BEGIN SAVING OF FOOD TODAY

Springfield, Ill., Jan. 26.—Development of boys' and girls' clubs in schools of Sangamon county for the coming year was begun here today at the meeting of teachers and interested pupils.

Organization of clubs in poultry, pig, corn, gardening and canning was effected. The plan is the same as that proposed in all counties of the state, which has for its object food conservation during 1918.

At the end of the season, it is suggested, prizes can be awarded to the clubs with the best records by the schools.

The county clubs will be aided by the university of Illinois and by the United States department of agriculture.

To Widows

If the husband die, leaving an estate of value to his wife and children, there are plenty of people who will try to get the widow's money away from her.

It is safe advice to caution her to make no investments whatever.

The Farmers Trust Co. will so advise all women, inasmuch as all matters that have the probability of profit and increase, also have the possibility of loss and decrease.

Estates left in trust should not fluctuate much in value.

Piles Cured WITHOUT THE Knife

Is My Life Study With My 18 Years' Experience

The radical and non-surgical method with which I successfully treat and GUARANTEE to CURE all forms of PILES, FISTULA and FISSURE without the KNIFE. No general anesthetic, no DETENTION from BUSINESS. Remember, that I do not treat all diseases the human body is heir to, neither do I treat incurable diseases.

Our patients will tell you they are not confined to bed; walk about, and attend to their daily duties.

Read what they say:

Attorney-at-Law at Richmond, Mo.

This is to certify that Dr. E. F. Higdon, a specialist, used his mild method for piles and other allied diseases in my case, which I was troubled with itching piles and fissures, which was cured in two weeks. After receiving my treatment I drove in a buggy twenty miles on the same day, continued my work daily thereafter. This cure was made in 1912, and I have never had any return of the trouble since. I take great pleasure in recommending him to the public who is in need of his services.

Dec. 1, 1917. Wm. TRAVERS THOMPSON.

Did not Lose a Day's Work on the Farm.

Mr. Jesse Hicks, farmer, age 55 years. Twenty years a sufferer of piles. I read your advertisement in the St. Joseph Gazette. Piles cured without the knife or general anesthetic, and that the guarantee was no cure no pay. I concluded something had to be done, as I had the protruding and bleeding piles, that were gradually getting worse, which seemed to exhaust my whole energy. At times was getting very nervous, had aching pains in my back and legs, and did not sleep well at night. Today I am sound and well and have had no trouble since taking the treatment.

I take great pleasure in recommending your Institute methods of treatment, and was permitted to go to my home from Oregon, Mo., to St. Joseph, and did not lose a day's work on the farm nor confined to the bed or room during the entire treatment of three weeks.

Dec. 23, 1917. JESSE HICKS, Oregon, Mo., R. F. D.

Ask for examination—always free.

Remember, all cures taken on a positive GUARANTEE — NO CURE, NO PAY.

Beginning TUESDAY, JANUARY 29, I will visit Maryville weekly on every Tuesday during the month of January and February only, at the Linville Hotel.

THE RADICAL AND NON-SURGICAL INSTITUTE.

E. Franklin Higdon, M. D.

Physician in Charge.

118½ North Eighth St. St. Joseph, Mo.

Culver's Greatest Duroc Jersey Sale

Consisting of 40 head of bred sows and gilts will be held at Riverview Farm, ½ mile west of Barnard, Mo., February 14, 1918.

This sale should attract the attention of everyone in need of bred sows, as I am including some of my tried sows, sows that have been producing pigs for me at the rate of two litters per year since they were yearlings and are now right in their prime, and I am selling them from no fault whatever, but simply because I have got to have some new blood introduced into my herd, in order to supply my old customers.

I have fed these sows and gilts just as I would if I were keeping them in my own herd, and when I tell you that seven of these sows farrowed 59 pigs on the 5th day of September and saved 54 of them you will admit that I know something of the care of brood sows.

I sell more hogs of my own raising in proportion to number of sows in herd than any breeder of pure bred hogs in the state. These sows and gilts are mostly bred to one of the best young boars of the breed, Culver's King Col. No. 228191. His half brothers and sisters made almost a clean sweep at the National Swine Show at Omaha this fall.

So if you want sows that are bred right and fed right to go out and do you lots of good, be with us on February 14 and I am sure you will not be disappointed.

Please get your name on my mailing list for catalogue, which will give you the breeding with foot notes describing each hog just as I see them.

Aucts:—Col. W. D. Gibson, King City, Mo.
R. P. Hosmer, Maryville, Mo.
Clerk:—Barnard State Bank.
Dinner will be served on ground.

O. T. CULVER
Barnard, Missouri.

BENEFIT OF CHORAL SINGING

Equalizes Men, Creates Spirit of Brotherhood and Takes Mind Off Business, Asserts Professor.

Music gives utterance to something within one which can never find expression in words or acts, in the opinion of A. E. Westbrook, director of music in the Kansas State Agricultural college. Choral singing is of great benefit to a community.

"Music is of great advantage to men," said Professor Westbrook. "It equalizes them, creating a spirit of brotherhood, and takes their minds off business. It gives them a new and different insight, which is accomplished not by singing the common popular songs, but by really good music that can be appreciated.

"The value of music in bringing together socially disorganized communities has never been fully realized. By choral singing, people in any one locality can be brought into certain sympathy with one another. Wherever there is a neighborhood there is a chance for singing. A leader is needed who will select only the best music. Where neighboring groups have been singing the same kind of good music they will find in any large community gathering that they have something in common and will be ready to take part in choral singing on an even larger scale.

"If an orchestra playing Beethoven played in a community unused to such music, there would break forth from the audience an unrestrained applause such as comes only from people who are really hungry for good music—the kind of music that community musical societies will bring to them."

ENLISTED MEN MUST HELP

Portion of Government Allowance Required to Be Allotted for Benefit of Their Dependents.

Every enlisted man in the military or naval forces of the United States must allot for the benefit of a wife or child an amount equal to the government's family allowance, with a maximum, however, of half his pay and a minimum of $15 per month, according to the American Review of Reviews. If he has no wife or child and makes no voluntary allotments for other dependents, or for other purposes, the secretary of war or navy may require him to deposit with the government at 4 per cent compound interest half his pay, or so much of half his pay as he does not allot either for his dependents or for other purposes.

This puts the man with dependents more nearly on a democratic footing of equality with one who has none and the better-paid American soldier with the poorer-paid European with whom he is fighting.

The family allowances are based on a graduated scale depending on the number of dependents, and are conditioned on allotments of equal amounts up to half pay. In no case, however, does the allowance exceed $50 for one family. An ordinary enlisted man receiving $33 per month in foreign service, if his family is large enough, may be required to alot $16.50 per month and secure thereby for his family a total income of $66.50 per month.

Safe Buying for Both.

Buying unnecessary supplies in advance and hoarding food, both by the housewife and grocers, was responsible for some of the highest prices of the last year. "Don't be scared into buying," the Interstate Grocer urges upon its retail grocery readers. That is just what food speculators desire. Normal buying of all groceries with a view to quick and regular turnover will keep goods moving in a normal way at reasonable prices. "Don't let anyone scare you into buying in anticipation of heavy advances, but force the channels of distribution to return to the old basis of competition in selling. Consumers are not apt to buy out any grocer, as most of them have spent as much money as they could spare in canning and preserving their own fruits and vegetables. If speculators succeeded in creating a panicky buying condition, unloading upon the retail grocers at abnormal prices, the latter would be left holding the bag."

"Coal Savers."

Various preparations are extensively advertised in this country at present which are presumed to contribute considerably to the heating power of coal when applied in the prescribed doses, writes Consul General Robert P. Skinner, London. The director of fuel research, in answer to an inquiry as to the value of these preparations, states that these proprietary substances have been in the market a long time, but that there does not appear to be any genuine scientific evidence in support of the claims of their manufacturers. He concludes: "The nature of the substances makes it highly improbable that they have any effect whatsoever on the combustion of coal or other fuels when they are used in the quantities prescribed."

Not One Came Down.

The day was dull, as days can be dull, sometimes only in the trenches. Suddenly, high up in the sky, sailing over the lines, was discerned a flock of wild geese. In a moment, rifles were blazing upward from all quarters; even machine guns were requisitioned, while away at the other side of No Man's Land the German, too, was roused to action. But the flock of geese sailed on, their long necks outstretched and their wings rising and falling in undisturbed rhythm. And never a one came down.—Christian Science Monitor.

Simple Tests of Value in Telling Whether Goods Is "All Wool and Yard Wide."

The laws of the country at present offer no protection to the purchaser of textile materials. If the price of "all wool, a yard wide" goods is paid and later it is found that the material is half cotton, there is nothing left for the purchaser to do but to enter it as "loss" in her profit and loss account. To be sure there are any number of stores where the dealers are truthful about the textile materials handled, but nevertheless a knowledge of a few simple tests may not come amiss, writes Beryl Dixon of the Colorado Agricultural college.

Sometimes sleazy, thin cotton material is made to look quite firm and attractive by the use of sizing or dressing. By rubbing a corner between the thumb and finger, the sizing is removed and the real quality of the material is apparent. In very thin materials the sizing may be detected by holding the cloth to the light. The starch will show between the threads.

An examination of the raveled warp and woof threads will often appear fuzzy. Linen fibers are long, and consequently broken ends of linen threads are more pointed than those of cotton. Cotton material feels warmer than linen.

Some woolen materials are "made over" that is, old woolen rags and short, broken fibers, and the clippings from broadcloth are used in its manufacture. Sometimes this can be detected by unraveling the end. The short fibers are loosened and fall out.

POULTRY POINTERS

Making the most of everything in the poultry business is a sure way to success.

Odd or surplus cockerels should be made over into capons to help increase the meat supply.

Capons grow to substantial weights and their meat is of a high quality.

Cockerels from two to six months old are of the caponizing age, but the younger they are the better the work can be done.

From one and a half to two and a half pounds is generally accepted as the best weight of cockerels for caponizing.

The art of caponizing is not so difficult a task as it looks to be, and skillful operators are made in a short while.

Experience and practice soon make the work easy to those so inclined to learn the art.

A knowledge of the essential features of the operation and a good set of tools soon put the operator in the front ranks of the profession.

Birds intended for caponizing should not be fed for 36 hours prior to the operation.

Refraining from feeding the birds before, always helps the operator as well as the birds afterwards.

The operation should be preferred in the daytime, and the brighter the light the more easily are the organs distinguished.

When the operator is skillful the operation is only the matter of seconds in the making of a capon.

After the birds have been operated upon, place them in a house from which the roosts and other furniture have been removed, and cover the floor with straw, hay or leaves for a bedding.

Don't crowd them too much until hey have taken to their feed and how some strength after the operation.

Great Ararat Not Known by This Name to the Armenians.

Great Ararat, which looms up about 17,000 feet into the Armenian sky and looks down on the lands of Russia, Turkey and Persia, although so truly the rallying point, as it were, for the Armenian people, is quite unknown to the native Armenian by this name. The people who actually dwell within sight of its great snow-capped dome, who look out toward it over the plain from Erivan, some thirty miles away to the north, or from the frontier mountain slopes away to the south, call it by a variety of names. If they are Armenians they call it "Massis;" if Turks, "Aghri Dagh," and if Persians, "Koh-i-Nuh," or the "Mountain of Noah."

There are really, of course, two mountains, or, rather, there is one vast mass out of which rise two peaks, "their bases confluent at a height of 8,800 feet their summits about seven miles apart." Little Ararat, upon whose slopes it is that the territories of the three kingdoms actually meet, is some 4,000 feet lower than its big brother; but, nevertheless, with its 12,840 feet, it is "none so little."

Otilla Quast of Sioux City, Ia., is the guest of Misses Theresa and Katherine Yehle.

A BIG CONVENTION

6,000 MEN EXPECTED TO ATTEND LAYMEN'S MISSION MEET

SOME UNIQUE FEATURES

Thrilling Speeches Will Be Made by Men Who Have Been "Over There" and in all Parts of the World

The big Laymen's Missionary convention, set for February 21-24, in Convention Hall, Kansas City, promises to be one of the largest gatherings of its kind held in America during the period of the war. It is to be a convention of men only. It is to be unique in that, although a religious gathering, no collections will be taken nor financial support asked for any purpose. Each of the 6,000 delegates attending is expected to pay a registration fee of one dollar, which covers all expenses.

Aside from the inspiration coming to the laymen by rubbing elbows with thousands of other laymen, seeking after information to carry home to his home church, there will be the inspiration of many thrilling speeches by men who have been "over there" in Europe and in all parts of the non Christian world. Scores of men who have recently returned from tours of inspection of mission lands, and others who have given long years to mission work, will address the convention.

Missions Relief Organizations.

Mission work has always been in the nature of relief. Medical missionaries have been doing for the sick and afflicted of non-Christian lands just what the Red Cross is doing for the armies, and what the various relief commissions are doing for Armenia, Servia and Belgium. Much of the relief work now being done in those countries is under the direction of competent missionaries who have had long experience in such work.

There are 178 missionary societies or boards doing mission work in Europe, Latin America or the non-Christian world, whose headquarters are in the United States or Canada. For the year ending November 1, 1917, the total income for mission purposes of these 178 societies and boards was $20,407,861. Mission hospitals and dispensaries gave last year 4,155,185 treatments. There are 351 hospitals supported by American churches in the non-Christian world. Educationally, mission work stands out, with 638,327 students in schools and colleges established and maintained by American churches and manned by American teachers. There are 467 graduate physicians, both men and women, doing medical mission work in the non-Christian world. As a manifestation of genuine evangelization, the native church in the non-Christian world has 1, 300,813 members, converts to Christianity.

Unidentified Passengers Killed.

Denison, Tex., Jan. 26.—Efforts are being made here today to identify five passengers of a northbound special train who were killed in a wreck ten miles south of here. Besides the passengers, the engineer of the train was instantly killed.

President Ill With Cold.

Washington, Jan. 26. — President Wilson is still confined to the White House today suffering with a severe cold.

Edward Condon Expected Home.

Edward Condon, who is in training at Camp Doniphan, Fort Sill, Okla., is expected home in a few days, for a short visit with his mother, Mrs. B. E. Condon.

Install Officers.

Alert Rebekah lodge met in regular session Thursday night at I. O. O. F. hall. The installation of the following officers took place: Past noble grand, Mrs. Nannie Evans; noble grand, Miss Eva Manley; vice grand, Miss Mary Taylor; secretary, Mrs. Nettie Warren; treasurer, Mrs. Docia Howland; warden, Mrs. Cora Manley; conductor, Mrs. Elizabeth Bagby; inside guard, Miss Dessa Gault; outside guard, Mrs. Myrtle Whaley; right supporter to noble grand, Mrs. Henry Trullinger; left supporter to noble grand, Mrs. J. C. F. Taylor; right supporter to vice grand, Miss May Howland; left supporter to vice grand, Miss Nellie Trullinger.

Miss Bloomfield Surprised.

A very pleasant surprise party was given Thursday evening in honor of Miss Blanche Bloomfield at the home of Mr. and Mrs. R. V. McKee, when a number of her friends came in to spend the evening with her. The time was spent in playing "42." Dainty refreshments were served by Mrs. McKee, assisted by Mrs. C. E. Lawson. Those enjoying the evening were: Misses Marie Lewis, Hazel Lowry, Charlotte Green, Vida Iris, Dot Heflin, Hazella Florea, Doris and Eva Griffey, Hazel Cox, Gladys Lawson, Mildred Trullinger, Lillian Lawson, Leta Hant, Mary Marshall, Doris and Ogle McKee, Blanche Bloomfield, Everett Florea, Vilas and Darl Porter, Bluford Heflin, Ralph and George Lewis, Glenn Singery, Morrison Lawson, Fay Florea, Edwin Sapp, Wilbur Cox, Mr. and Mrs. Cecil Lawson and the host and hostess.

Surprised On Birthday.

Miss Doris Griffey was the honor guest of a surprise party given at the home of her parents, Mr. and Mrs. Leslie Griffey, the occasion being her fifteenth birthday anniversary. Games and music were the diversion of the evening. At a late hour refreshments of fruit salad and cake were served. Miss Doris was presented with a box of chocolates by her friends. Those present were: Misses Blanche Bloomfield, Lillian Lawson, Lora Garrard, Hazella Florea, Leta Hantz, Cleobelle Florea, Marie Lewis, Mildred Trullinger, Gladys Lawson, Charlotte Green, Gladys Cook, Claresteen Totman, Bessie Barrett, Lula Ann Johnson, Doris, Grace and Eva Mae Griffey; Lloyd Killion, LeRoy and Fay Florea, Everett Florea, Vilas and Darl Porter, Ralph and George K. Lewis, Harold Hantz, Glenn Dowe Lawson, Glenn Johnson, Howard Van Velson, Morrison Lawson, Bluford Heflin, Ernest Garrard, Mr. and Mrs. C. E Lawson and Mr. and Mrs. J. E. Lewis.

Surprised by Friends.

Mr. and Mrs. J. S. Casteel of Ravenwood were surprised Thursday evening, January 24, by a number of the friends of the Harmony neighborhood. About thirty-five guests were present. A dainty two course luncheon was served.

Will Give Play.

The young people of St. Mary's Catholic church will give a play Monday night at the parish hall. The play, "Jayville Junction," is full of comedy and good laughs. Lunch will be served. Everybody is invited to attend.

Entertain Husbands.

The members of the C. W. B. M. entertained their husbands last night at a social at the home of Rev. and Mrs. C. Emerson Miller. About fifty were present. A short program was given. A number of old-fashioned songs were sung by Mrs. Harry Todd and Miss Doris Goforth and Mrs. Henry Westfall delighted the guests with readings. Refreshments were served by the hostess.

Normal Class Social.

The Normal Sunday school class of the First Methodist church which is taught by Prof. Harry A. Miller, gave a social Thursday night at the church. Thirty-two were present. Prof. Bert Cooper and Rev. Gilbert S. Cox were guests of the evening. Various games furnished plenty of amusement for the evening. Each person was presented with a card on which were written ten topics to be discussed. These cards were exchanged with your neighbor, who wrote his name under a topic he wished to talk about. Later five minute talks were given by the two persons on the subjects chosen. Cocoa and wafers were served.

Mr. and Mrs. Homer Evans and little daughter, Deloris, of Seattle, Wash., are visiting in Maryville with relatives.

Some Men Are Rich—

SAVE DAYLIGHT, TOO

NEW CONSERVATION MEASURE EXPECTED TO BECOME A LAW

PUSH UP CLOCK APRIL 28

Advocates of Plan Estimate It Will Mean a Saving of One Million Tons of Coal a Year

Kansas City, Jan. 26.—The daylight saving bill, which bears the name of Congressman William P. Borland of Kansas City, will be passed by congress because of the pressing coal situation, according to Washington advices.

The measure passed the senate as the Calder bill and has the expressed approval of President Wilson. Sunday, April 28, will be the date for setting the clock one hour ahead in all homes and business establishments and on all the railroads in the country if the bill is enacted by the house of representatives.

And Sunday, Sept. 29, will be the day for setting the clock back again and returning to the wintertime schedule. Five months, 154 days, is the period which is proposed to get everyone out of bed one hour earlier and send everyone to bed one hour earlier. Advocates of the plan estimate it will save 1,000,000 tons of coal a year and will save the people of the country millions of dollars in lighting bills. It will mean less eye strain, less disturbing daylight in sleeping time, more outdoor exercise, more time for thrift gardening, less late afternoon work in hot office buildings and will help baseball and other outdoor sports.

The bill would have been enacted last June but for the indifference of Congressman Adamson, then chairman of the House Interstate Commerce Committee, who argued "ressing war measures" had the right of way.

Ralph Lewis of Ravenwood was a Maryville visitor today.

Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little zemo, obtained at any drug store for 35c, or extra large bottle at $1.00.

Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

VASSAR GIRLS FIGHT BOCHE WITH LETTERS

Poughkeepsie, N. Y., Jan. 26. — "Combat German propaganda in Russia. Acquaint the Russians with intimate details of American life."

This is the slogan of undergraduates of Vassar college. The girls have organized to flood Russia, and even Germany and Austria-Hungary, with personal messages. The messages or letters are being sent to Europe every week. Each letter details the life of an American college girls describes her home, her tastes and amusements. It explains what the United States really is. Numerous letters from students already have reached Russia via the diplomatic mail pouch.

JAMAICA BAY HOTEL DEPARTS ON ICE FLOE

Jamaica Bay, L. I., Jan. 26.—The Kennedy Hotel, a two-story structure of about thirty rooms, left here on a ice floe bound for parts unknown. The hotel was built over the bay and the ice tore away the supports, dropping the building into the water.

Davy Jones' Locker, Jan. 26.—A first-class hotel from terra firma arrived here at an early hour this morning with all radiators frozen stiff. Neptune will stable their sea horses on the first floor, utilizing the upper floor for Turkish baths and the basement as a garage for submarines.

Misses Gertrude and Myrtle Knepper of Cape Girardeau were called to Skidmore on account of the serious illness of their father, Samuel Knepper. Miss Myrtle is a teacher in the normal school there, and Miss Gertrude is attending school.

BIG HALL AT CAMP FUNSTON

New Auditorium Just Completed Will Seat 4,500 Persons—Was Built by the Soldiers

Camp Funston, Jan. 26.—The big recreation hall of the 353rd Infantry located at the west end of the camp is completed and ready to receive Madame Schumann-Heinke and the St. Louis Symphony orchestra, January 30 and 31.

The building, on eof the largest in the camp is 966 x 236 feet and has an auditorium with a seating capacity of 4,500. It was planned and built from the first drawings to the last piece of plumbing by craftsmen of the regiment.

LIVED IN U. S. FOR TEN YEARS—ALSO IN TACOMA

Seattle, Wash., Jan. 26. — In examining applicants for naturalization papers, Judge Cushman, in the federal court here, asked an applicant how long he had lived in this country. The reply came:

"I've lived in the United States ten years, except three months I was in Tacoma."

As the judge is from Tacoma he deliberated several minutes before granting the papers.

Big Canadian Fire Reported.

Ottawa, Ont., Jan. 26.—Travelers arriving here today report that a serious fire was in progress in Petersboro, a large manufacturing town one hundred miles from Toronto. All wires were down today.

S. Carmichael and daughter, Mrs. Al Royston, went to Pickering today to visit over Sunday at the home of Mr. and Mrs. John Young.

GARFIELD FUEL ORDER CAUSES SOME SMILES ALONG WITH SORROW

New York, Jan. 26.—Some of the results of the Garfield fuel order in New York City and vicinity are summed up as follows:

Battery aquarium observing near heatless days and the prismatic tropical fish have shown their disapproval; oil stove market cleaned out and manufacturers hopelessly behind in orders; New York magneto firm permitting employees to borrow money in excess of amount actually earned during period of curtailment; Rosemary Hall, Greenwich, Conn., a girls' school, avoids coal famine by moving to Miami, Fla., for the winter; girl clerks in New York stores wearing stock coats to keep from catching cold while on duty; candy manufacturers believe they should be exempted — fuel administrator says they will not; Garfield order held as another argument in favor of the daylight saving crusade; British vessels arriving with sufficient coal in bunkers for round trip; Robert Gair company, employing 12,000 persons, will pay all employees full time regardless of holidays, and Broadway makes ready to wear dirty shirts, as the New York laundries are a month behind and declare they will not catch up until fuel becomes more plentiful and they are permitted to run full time.

MISSISSIPPI VALLEY IS IN DANGER OF FLOOD

Memphis, Tenn., Jan. 26. — When the snow that covers twenty-three states from a depth of from six inches to more than two feet melts this spring grave fears are entertained that the rush of water will cause disastrous floods along the lower Mississippi river.

Reports from states drained by the Missouri and Mississippi rivers indicate that the snow fall this winter has been greater than known for many years. Unusually low temperatures throughout the northern country has caused the ground to freeze to a depth of several feet. When the spring break-up comes water from melting snow will not soak into the ground, but will flow into the smaller streams and thence into the larger tributaries of the Missouri, Ohio and Mississippi. All this water will finally enter the Mississippi and from Cairo, Ill., to New Orleans high water records may be broken.

GOOD SAMARITAN IS ARRESTED WHILE SELLING COAL AT COST TO POOR

New York, Jan. 26.—Morris Goldberg, a Coney Island hotel proprietor, while selling coal to the poor at cost, was arrested on the charge of obstructing the street. Sentence was suspended.

Coney Island's poor—and there are many of them—was able to buy coal from Goldberg at fifty cents a hundred weight. This is ten cents less than the price fixed by the fuel administrator.

Goldberg obtained forty-one tons of coal immediately after he decided to do what he could for the Coney Island poor.

Men, women and children, with bags, baskets, baby carriages and sleds, lined up each day in front of Goldberg's hotel and each was permitted to buy a minimum of one hundred pounds.

Goldberg soon became the "Good Samaritan of Coney Island." He did not deny his guilt. He said he was actuated only through sympathy and did not make one cent of profit.

He says he will not resume his charitable work until he receives an apology from the police commissioner. Meanwhile the misery of the Coney Island poor increases.

Postmen Used Alcohol.

Cleveland, Jan. 26.—Letter carriers were provided with small bottles of alcohol before they started on their rounds a recent cold morning. When suitably diluted and flavored alcohol has been taken internally.

"But that's not the reason alcohol was carried by the mail carriers," said Postmaster Murphy. "They carried it to thaw out mail boxes."

TRENCHCOMFORT INSLIPPERS

As Long as They Will Enhance John Parson's Fighting Qualities He'll Probably Get Them

Washington, Jan. 26.—"To get 100% fighting efficiency out of John Parsons, you've got to give him his old carpet slippers after a hard day's work in the trenches. A good cigar and a piece of apple pie to round it out and you've got a satisfied man that will do anything you tell him. I've lived with him for ten years and I know."

This note, addressed to Marine Corps headquarters by Mrs. John Parsons, also contained an inquiry as to whether there was any embargo on carpet slippers, Betsey Lees and apple pie going to fighting marines in France.

It's a big question, and while the Marine Corps maintains no time study or welfare departments, it is felt that if his old carpet slippers will enhance John Parsons' fighting qualities he'll just have to have them, that's all.

WES ROBERTSON MARRIED

Well Known Gallatin Editor Weds Mrs. Mae Meade

Gallatin, Mo., Jan. 25. — Wes L. Robertson, for more than a quarter of a century editor of the Gallatin Democrat, was married here Thursday to Mrs. Mae Meade. The newlyweds left at once for St. Louis to attend the sessions of the Missouri Press association.

"Uncle Wes" is one of the best known and most beloved newspaper men in the state and is a prominent figure in the journalism of the state He was president of the state association in 1901 and of the Northwest Missouri Press association at its founding in 1891 and for the two years following.

The bride is the widow of John F. Meade, a prominent banker, who died here several years ago.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use.

30c and 60c jars; hospital size $2.50.
